Thank God for what He will do in
and through the hands of these
people that He equipped to do this
work.

move us...

To be doers of the Word

To be generous with every gift He's
given us

To serve the least of these

To love loud

To live on mission

To advance the Kingdom for His
glory, not ours

Thank God for the way He will move
and the effect it will have in every
home, church, workplace, and
community where a swHw woman
is, after they go home from Narrow.
